CFPB Issues 2022 Regulation C HMDA Exemption Asset-Size Threshold.

The Bureau of Consumer Financial Protection (CFPB) issued a final rule to amend the official commentary that interprets the requirements of Regulation C, the Home Mortgage Disclosure Act (HMDA), to reflect the asset-size exemption threshold for banks, savings associations, and credit unions based on the annual percentage change in the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W). CFPB issued a final rule to amend the official commentary that interprets the requirements of Regulation Z, the Truth in Lending Act (TILA), to reflect changes in the asset-size thresholds for certain creditors to qualify for an exemption to the requirement to establish an escrow account for higher-priced mortgage loans (HPMLs). The changes reflect updates to the exemption from TILA's escrow requirement of creditors that, together with affiliates that regularly extended covered transactions secured by first liens, had total assets of less than \$2 billion (adjusted annually for inflation) and the exemption CFPB added, by implementing section 108 of the Economic Growth, Regulatory Relief, and Consumer Protection Act (EGRRCPA), for certain insured depository institutions and insured credit unions with

assets of \$10 billion or less (adjusted annually for inflation). The amendments are based on the annual percentage change in the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W). Based on the 4.7 percent increase in the average of the CPI-W for the 12-month period ending in November 2021, the exemption threshold for creditors and their affiliates that regularly extended covered transactions secured by first liens is adjusted to \$2.336 billion from \$2.230 billion. CFPB Seeks Comment on Electronic Fund Transfer Act Information Collection.

CFPB seeks comment on an existing information collection titled, Electronic Fund Transfer Act (Regulation E). The Electronic Fund Transfer Act (EFTA), requires accurate disclosure of the costs, terms, and rights relating to electronic fund transfer (EFT) services and remittance transfer services to consumers. Entities offering EFT services must provide consumers with full and accurate information regarding consumers' rights and responsibilities in connection with EFT services. The disclosures are intended to protect the rights of consumers using EFT services, such as automated teller machine (ATM) transfers, telephone bill-payment services, point-of-sale transfers at retail establishments, electronic check conversion, payroll cards, and preauthorized transfers from or to a consumer's account. EFTA also establishes error resolution procedures and limits consumer liability for unauthorized transfers in connection with EFT services. EFTA and Regulation E impose disclosure and other requirements on issuers and sellers of gift cards, gift certificates, and general use prepaid cards. Further, EFTA and Regulation E provide protections for consumers in the United States who send remittance transfers to persons in a foreign country. It also provides comprehensive protections for consumers who use "prepaid accounts." Tailored provisions governing disclosures, limited liability, error resolution, and periodic statements added new requirements regarding the posting of account agreements. Additionally, Regulation E regulates overdraft credit features offered in connection with prepaid accounts. Comments are due **02/14/2022**. FinCEN Seeks Comment on Proposed Rule Regarding BSA Regulations and Guidance.

FinCEN seeks comment on ways to streamline, modernize, and update the anti-money laundering and countering the financing of terrorism (AML/CFT) regime of the United States. In particular, FinCEN seeks comment on ways to modernize risk-based AML/CFT regulations and guidance, issued pursuant to the Bank Secrecy Act (BSA), so that FinCEN, on a continuing basis, protect U.S. national security in a cost-effective and efficient manner. The solicitation also supports FinCEN's ongoing formal review of BSA regulations and guidance required pursuant to Section 6216 of the Anti-Money Laundering Act. Section 6216 requires the Secretary of the Treasury to solicit comment and submit a report, in consultation with specified stakeholders, to Congress by **01/01/2022**, that contains the findings and determinations that result from the formal review, including administrative and legislative recommendations. The final rule will affect parties to contracts that reference certain interbank offered rates. The final rule is effective **03/07/2022**. FHFA Sets 2022-2024 Single-Family and 2022 Multifamily Enterprise Housing Goals.

The Federal Housing Finance Agency (FHFA) issued a final rule on the single-family housing goals for Fannie Mae and Freddie Mac (collectively, the Enterprises) for 2022 through 2024, as well as the multifamily housing goals for 2022. Finally, the final rule makes several technical changes to definitions and other provisions to conform the regulation to existing practice. The final rule is effective **02/28/2022**. Agencies Issue Final Rule to Amend Farm Product Related Regulations.

The Farm Service Agency (FSA) and Commodity Credit Corporation (CCC) (collectively, the agencies) issued a final rule to amend the regulations for Dairy

Margin Coverage (DMC) to allow supplemental DMC payments to participating eligible dairy operations. DMC provides dairy producers with risk management coverage that pays producers when the difference between the price of milk and the cost of feed (the margin) falls below a certain level. Eligible dairy operations with less than 5 million pounds of established production history may enroll supplemental pounds based upon a formula using 2019 actual milk marketings. Supplemental DMC coverage is applicable to calendar years 2021, 2022, and 2023. Participating dairy operations with supplemental production may receive supplemental payments in addition to payments based on their established production history. In addition, the final rule amends the alfalfa hay calculation used in determining the average feed cost and actual dairy production margin. To end prolonged months of milk indemnity payments, the final rule amends the regulations for Dairy Indemnity Payment Program (DIPP) to indemnify affected farmers for depopulating and permanently removing cows after discovery of chemical residues affecting the commercial marketing of milk for the applicable farm and likely affecting the marketability of cows for a lengthy duration. The final rule also implements a new Oriental Fruit Fly (OFF) Program as authorized in the Consolidated Appropriations Act. In addition, the final rule updates the existing Marketing Assistance Loans and Loan Deficiency Payments loan rates to be consistent with the Agriculture Improvement Act; the loan rates were already changed administratively because the loan rate changes were self-enacting. The final rule also amends the Conservation Reserve Program regulations to remove two discretionary requirements. The final rule is effective **12/13/2021**. Comments for the OFF Program only are due **02/11/2022**. NCUA Extends Temporary Regulatory Relief in Response to COVID-19.

The National Credit Union Administration (NCUA) issued a final rule to extend its temporary final rule, which modified certain regulatory requirements to help ensure that federally insured credit unions (FICUs) remain operational and can address economic conditions caused by the COVID-19 pandemic. The temporary final rule issued by NCUA in April 2020 temporarily raised the maximum aggregate amount of loan participations that a FICU may purchase from a single originating lender to the greater of \$5,000,000 or 200 percent of the FICU's net worth. The rule also temporarily suspended limitations on the eligible obligations that a federal credit union (FCU) may purchase and hold. In addition, given physical distancing practices necessitated by COVID-19, the rule also tolled the required timeframes for the occupancy or disposition of properties not being used for FCU business or that have been abandoned. The temporary amendments were originally scheduled to expire **12/31/2020**. NCUA subsequently extended the effectiveness until **12/31/2021**. Due to the continued impact of COVID-19, NCUA has decided it is necessary to further extend the effective period of the temporary modifications until **12/31/2022**. The rule is effective **12/22/2021**, except for the amendment to Sec. 701.23 in instruction 3.b., which is effective **04/01/2022**. The expiration date of the temporary final rule published in the *Federal Register* on **04/21/2020**, and extended by final rule published on **12/22/2020**, is further extended through **12/31/2022**. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2021-12-22/pdf/2021-27771.pdf>. *Federal Register*, Vol. 86, No. 243, 12/22/2021, 72517-72520.

NCUA Issues Final Rule on Capital Adequacy.

NCUA issued a final rule to provide a simplified measure of capital adequacy for federally insured, natural-person credit unions classified as complex (those with total assets greater than \$500 million). Under the final rule, a complex credit union that maintains a minimum net worth ratio, and that meets other qualifying criteria, is eligible to opt into the complex credit union leverage ratio (CCULR) framework if they have a minimum net worth ratio of nine percent. A complex credit union that opts into the CCULR framework need not calculate a risk-based capital ratio under NCUA's **10/29/2015**, risk-based capital final rule, as amended on **10/18/2018**. A qualifying complex credit union that opts into the

CCULR framework and maintains the minimum net worth ratio is considered well capitalized. The final rule also makes several amendments to update NCUA's **10/29/2015** risk-based capital final rule, including addressing asset securitizations issued by credit unions, clarifying the treatment of off-balance sheet exposures, deducting certain mortgage servicing assets from a complex credit union's risk-based capital numerator, revising the treatment of goodwill, and amending other asset risk weights. The final rule is effective **01/01/2022**. The final rule may be viewed at:

NCUA Issues Final Rule on Mortgage Servicing Assets.

NCUA issued a final rule to permit federal credit unions (FCUs) to purchase mortgage servicing assets (MSAs), referred to as mortgage servicing rights in the proposed rule, from other federally insured credit unions subject to certain requirements. Under the final rule, FCUs with a CAMEL or CAMELS composite rating of 1 or 2 and a CAMEL or CAMELS Management component rating of 1 or 2, may purchase the mortgage servicing rights of loans that the FCU is otherwise empowered to grant, provided the purchases are made in accordance with the FCU's policies and procedures that address the risk of the investments and servicing practices. The Federal Credit Union Act permits FCUs to purchase mortgage servicing assets under their express authority to purchase assets from other credit unions. The final rule is effective **04/01/2022**. The final rule may be viewed at:

<https://www.govinfo.gov/content/pkg/FR-2021-12-23/pdf/2021-27641.pdf>. *Federal Register*, Vol. 86, No. 244, 12/23/2021, 72810-72818.

NCUA Issues Final Rule on Subordinated Debt.

NCUA issued a final rule to amend the Subordinated Debt rule, which NCUA finalized in December 2020. The final rule amends the definition of "Grandfathered Secondary Capital" to include any secondary capital issued to the United States Government or one of its subdivisions (U.S. Government), under a secondary capital application approved before **01/01/2022**, irrespective of the date of issuance. The amendment will benefit eligible low-income credit unions (LICUs) that are either participating in the U.S. Department of the

Treasury's Emergency Capital Investment Program or other programs administered by the U.S. Government that can be used to fund secondary capital, if they do not receive the funds for such programs by **12/31/2021**. NCUA has also amended the Subordinated Debt rule by extending the expiration of regulatory capital treatment for the aforementioned secondary capital issuances to the later of 20 years from the date of issuance or **01/01/2042**. The final rule is effective **01/01/2022**. NCUA Issues Responses to Comments on Policy Setting Normal Operating Level.

NCUA issued a notice to provide responses to comments received on the policy to set the National Credit Union Share Insurance Fund Normal Operating Level (NOL). NCUA requested comment on eight specific factors that impact the calculation of the NOL. The notice responds to comments on the eight factors as well as other subjects for which NCUA received comment. DOL Again Issues Technical Correction to Tip Regulations Under FLSA.

The Department of Labor (DOL) issued a final rule correction to revise the DATES section of the final rule published in the *Federal Register* on **10/29/2021**, to make a technical correction. The correction clarifies that in addition to 29 CFR 531.56(e), DOL has also withdrawn the revisions to 29 CFR 10.28(b)(2) that were published in the *Federal Register* on **12/30/2020**. SSA Announces 2022 Rate for Assessment on Direct Payment of Fees to Representatives.

The Social Security Administration (SSA) issued a notice to announce the assessment percentage rate under the Social Security Act is 6.3 percent for 2022. A claimant may appoint a qualified individual as a

representative to act on his or her behalf in matters before SSA. If the claimant is entitled to past-due benefits and was represented either by an attorney or by a non-attorney representative who has met certain prerequisites, SSA may withhold up to 25 percent of the past due benefits and use that money to pay the representative's approved fee directly to the representative. When SSA pays the representative's approved fee directly to the representative, SSA must collect from that fee payment an assessment to recover the costs SSA incurs in determining and paying representatives' fees. The Act provides the formula to calculate the assessment, which must be set each year as further described in the notice. The notice may be viewed at:

USPTO Issues Proposed Rule on Electronic Patent Issuance.

The United States Patent and Trademark Office (USPTO) issued a proposed rule to implement electronic patent issuance. Under the proposed change, USPTO would issue patents electronically through its patent document viewing systems (*i.e.*, Patent Center and Patent Application Image Retrieval (PAIR)). Patents would no longer be issued on paper, and as a result, they would no longer be mailed to the correspondence address of record as part of the patent issuance process.

Patentees would continue to have the option of ordering an unlimited number of paper presentation copies and certified copies of patents. Comments are due **02/14/2022**. USPTO Seeks Comment on Electronic Trademark Registration Certificates.

USPTO seeks comment on its plan to begin issuing electronic trademark registration certificates in the spring of 2022. Trademark owners will also continue to be able to order certified copies of their trademark registrations. Comments are due **12/15/2021**. The notice may be viewed at:
