FRB Amends Regulations A and D.

- The Board of Governors of the Federal Reserve System (FRB) issued a final rule to amend Regulation A to reflect FRB's approval of a decrease in the rate for primary credit at each Federal Reserve Bank. The secondary credit rate at each Reserve Bank automatically decreased by formula as a result of the Board's primary credit rate action. On **09/18/2024**, FRB voted to

approve a 0.50 percentage point decrease in the primary credit rate, thereby decreasing the primary credit rate from **5.50** percent to **5.00** percent. Under the formula, the secondary credit rate decreased by 0.50 percentage points as a result of FRB's primary credit rate action, thereby decreasing the secondary credit rate from **6.00** percent to **5.50** percent. The amendments to Regulation A reflect the rate changes. HUD Modernizes Delivery of Housing Counseling Services.

The Department of Housing and Urban Development (HUD) issued a final rule to update its regulations that require participating agencies to provide in-person counseling to clients that prefer this format to reflect advances in technology, align with client engagement preferences, and preserve consumer protections. The final rule amends HUD's regulations to allow housing counseling agencies to use alternative communication methods, including virtual meeting tools, in lieu of providing in-person services. Participating agencies that choose not to provide in-person services are required to refer clients to local providers that provide such services, when requested. The final rule is effective **10/16/2024**. IRS Issues Final Rule on Mental Health Parity and Addiction Equity Act.

IRS issued a final rule which amends regulations that implement the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act (MHPAEA) and adds new regulations to implement the nonquantitative treatment limitation (NQTL) comparative analyses requirements under MHPAEA, as amended by the Consolidated Appropriations Act. Specifically, the final rule amends the existing NQTL standard to prohibit group health plans and health insurance issuers offering group or individual health insurance coverage from using NQTLs that place greater restrictions on access to mental health and substance use disorder benefits as compared to

medical/surgical benefits. As part of the changes, the final rules require plans and issuers to collect and evaluate relevant data in a manner reasonably designed to assess the impact of NQTLs on relevant outcomes related to access to mental health and substance use disorder benefits and medical/surgical benefits and to take reasonable action, as necessary, to address material differences in access to mental health or substance use disorder benefits as compared to medical/ surgical benefits. The final rule also amends existing examples and adds new examples on the application of the rules for NQTLs to clarify and illustrate the requirements of MHPAEA. IRS Proposes to Amend Computing Premium Tax Credit Rules.

IRS issued a proposed rule to amend the definition of “coverage month” and to amend certain other rules regarding the computation of an individual taxpayer’s premium tax credit (PTC). The proposal also would amend the existing regulations relating to the amount of enrollment premiums used in computing the

taxpayer’s monthly PTC if a portion of the monthly enrollment premium for a coverage month is unpaid. Finally, the proposed rule would clarify when an individual is considered to be ineligible for coverage under a State’s Basic Health Program. Comments are due **11/01/2024**.
