Agencies File Reports with Congress.

- The Board of Governors of the Federal Reserve System (FRB) and the Federal Insurance Office of the Department of the Treasury (Treasury) (collectively, the agencies) announced the completion of drafting and submitted a report to Congress as contemplated by section 211(c)(3) of the Economic Growth, Regulatory Relief, and Consumer Protection Act (EGRRCPA), on the impact on consumers and markets in the United States before supporting or consenting to the adoption of a final international insurance capital standard. The International Association of Insurance Supervisors is developing the Insurance Capital Standard (ICS) as a consolidated group-wide capital standard for internationally-active insurance groups, to create a common language for insurance supervisors and enhance global convergence on insurance capital regulation. The association is also assessing whether the Aggregation Method developed by the United States provides comparable outcomes to ICS. If so, it will be considered an outcome-equivalent approach for implementation of ICS as a prescribed capital requirement. The agencies seek comment regarding the report. Comments are due **01/12/2025**. The notice may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2024-11-20/pdf/2024-27005.pdf>. *Federal Register*, Vol. 89, No. 224, 11/20/2024, 91750-91751.
- The Board of Governors of the Federal Reserve System (FRB), Federal Deposit Insurance Corporation (FDIC), and Office of the Comptroller of the Currency (OCC) (collectively, the agencies) prepared a report pursuant to section 37(c) of the Federal Deposit Insurance Act which requires the agencies to jointly submit an annual report to the Committee on Financial Services of the U.S. House of Representatives and to the Committee on Banking, Housing, and Urban Affairs of the U.S. Senate describing differences among the accounting and capital standards used by the agencies for insured depository institutions. Section 37(c) requires that the report be published in the *Federal Register*. The agencies have not identified any material differences among the agencies' accounting and capital standards applicable to the institutions the agencies regulate and supervise. FFIEC Seeks Comment on Framework to Govern Enforcement of AMC Programs.

The Federal Financial Institutions Examination Council (FFIEC) seeks comment regarding a proposed rule to implement a framework to govern FFIEC's Appraisal Subcommittee's (ASC's) enforcement authority regarding the effectiveness of Appraiser and Appraisal Management Company (AMC) Programs overseen by State Appraiser Regulatory Agencies. The proposed rule would codify the existing compliance review process with modifications. The proposed rule would require an analysis to assess program effectiveness, outline requirements for maintaining effective programs, and authorize ASC to bring enforcement actions against such agencies that fail to maintain effective programs. Comments are due **02/04/2025**. The proposed rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2024-12-06/pdf/2024-27698.pdf>. *Federal Register*, Vol. 89, No. 235, 12/06/2024, 96912-96935.

CFPB Announces 2025 FCRA Maximum Charge.

CFPB issued a final rule to amend an appendix for Regulation V, which implements the Fair Credit Reporting Act (FCRA). CFPB is required to calculate

annually the dollar amount of the maximum allowable charge for disclosures by a consumer reporting agency (CRA) to a consumer pursuant to FCRA section 609. Under section 609, a CRA must, upon a consumer's request, disclose to the consumer information in the consumer's file. FCRA section 612(a) gives consumers the right to a free file disclosure upon request once every 12 months from the nationwide CRAs and nationwide specialty CRAs. Where the consumer is not entitled to a free file disclosure, FCRA section 612(f)(1)(A) provides that a CRA may impose a reasonable charge on a consumer for making a file disclosure. The final rule establishes the maximum allowable charge for the 2025 calendar year is unchanged from 2024, **\$15.50**. The final rule is effective **01/01/2025**. The final rule may be viewed at:

The Division of Supervision, Enforcement, and Fair Lending has been replaced by two divisions, the Supervision Division and the Enforcement Division. CFPB transferred certain responsibilities which relate to disclosure of confidential supervisory information, from the Associate Director of the former division to the Supervision Director as head of the Supervision Division. CFPB also updated nomenclature across all five rules to reflect the establishment of the new divisions. The final rule is effective **11/29/2024**. The final rule may be viewed at:

CFPB calculates the dollar amounts for provisions in Regulation Z annually; the final rule revises the amounts for provisions implementing TILA and its amendments, including the Home Ownership and Equity Protection Act (HOEPA) and the Dodd-Frank Act. CFPB adjusted the amounts based on the annual

percentage change of the Consumer Price Index (CPI) effective **06/01/2024**. The annual adjustment under section 1026.32(a)(1)(ii) is adjusted from **\$1,309** to **\$1,348** in 2025. The annual adjustment under section 1026.32(a)(1)(ii)(A) and (B) for 2025 is **\$26,968**, up from **\$26,092**. CFPB Defines Larger Participants of Digital Consumer Payment Applications.

CFPB issued a final rule to define larger participants of a market for general-use digital consumer payment applications. Larger participants of this market will be subject to CFPB's supervisory authority under the Consumer Financial Protection Act. A nonbank covered person qualifies as a larger participant if it facilitates an annual covered consumer payment transaction volume of at least 50 million transactions as defined in the rule, and it is not a small business concern. The final rule is effective **01/09/2025**. The final rule may be viewed at:

The circular may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2024-11-12/pdf/2024-26099.pdf>, *Federal Register*, Vol. 89, No. 218, 11/12/2024, 88875-88877.

To allow sufficient time to brief issues raised in pending litigation, CFPB revised the applicable date of the advisory opinion to **01/02/2025**. FRB Sets Threshold for Reserve Bank Capital Stock Dividend Rate.

The Board of Governors of the Federal Reserve System (FRB) issued a final rule that applies an inflation adjustment to the threshold for total consolidated assets in Regulation I. Federal Reserve Bank (Reserve Bank) stockholders that have total consolidated assets above the threshold receive a different dividend rate on their Reserve Bank stock than stockholders with total consolidated assets at or below the threshold. The Federal Reserve Act requires that FRB annually adjust the total consolidated asset threshold to reflect the change in the Gross Domestic Product Price Index, published by the Bureau of Economic Analysis. Based on the change in the Gross Domestic Product Price Index as of **09/26/2024**, the total consolidated asset threshold will be \$12,841,000,000 through **12/31/2025**. The final rule is effective **12/12/2024**. The adjusted threshold for total consolidated assets will apply

beginning **01/01/2025**. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2024-11-12/pdf/2024-26091.pdf>. *Federal Register*, Vol. 89, No. 218, 11/12/2024, 88877-88878.

FRB Amends Regulations A and D.

- FRB issued a final rule to amend Regulation A to reflect FRB's approval of a decrease in the rate for primary credit at each Federal Reserve Bank. The secondary credit rate at each Reserve Bank automatically decreased by formula as a result of FRB's primary credit rate action. On **11/07/2024**, FRB voted to approve a 0.25 percentage point decrease in the primary credit rate, thereby decreasing the primary credit rate from **5.00** percent to **4.75** percent. In addition, FRB previously approved the renewal of the secondary credit rate formula, the primary credit rate plus 50 basis points. Under the formula, the secondary credit rate decreased by 0.25 percentage points as a result of FRB's primary credit rate action, thereby decreasing the secondary credit rate from **5.50** percent to **5.25** percent. The amendments to Regulation A reflect the rate changes. The 0.25 percentage point decrease in the primary credit rate was associated with a 0.25 percentage point decrease in the target range for the federal funds rate announced by the Federal Open Market Committee on **11/07/2024**, as described in FRB's amendment of Regulation D highlighted in the following paragraph. The rate changes for primary and secondary credit were applicable **11/08/2024**. The final rule is effective **11/20/2024**. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2024-11-20/pdf/2024-26990.pdf>. *Federal Register*, Vol. 89, No. 224, 11/20/2024, 91532-91533.
- FRB issued a final rule to adopt amendments to Regulation D to revise the rate of interest paid on balances (IORB) maintained at Federal Reserve Banks by or on behalf of eligible institutions. The final rule specifies that IORB is **4.65** percent, a 0.25 percentage point decrease from its prior level. The amendment is intended to enhance the role of IORB in maintaining the federal funds rate in the target range established by the Federal Open Market Committee. The final rule is effective **11/20/2024**. The IORB rate change was applicable **11/08/2024**. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2024-11-20/pdf/2024-26991.pdf>. *Federal Register*, Vol. 89, No. 224, 11/20/2024, 91533-91534.

- FRB issued a final rule to amend Regulation D, Reserve Requirements of Depository Institutions, to reflect the annual indexing of the reserve requirement exemption amount and the low reserve tranche for 2025. The annual indexation of the amounts is required notwithstanding FRB's action in March 2020 of setting all reserve requirement ratios to zero. FRB amended Regulation D to set the reserve requirement exemption amount at **\$37.8 million** (increased from \$36.1 million in 2024) and the amount of the low reserve tranche at **\$645.8 million** (increased from \$644.0 million in 2024). The adjustments to both amounts are derived using statutory formulas specified in the Federal Reserve Act. The annual indexation of the reserve requirement exemption amount and low reserve tranche is required by statute but will not affect depository institutions' reserve requirements, which remain zero. The final rule is effective **12/20/2024**. The new exemption amount and low reserve tranche will apply beginning **01/01/2025**. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2024-11-20/pdf/2024-26981.pdf>. *Federal Register*, Vol. 89, No. 224, 11/20/2024, 91534-91536.

The actions were taken in accordance with the Monetary Control Act, which requires that, over the long run, fees for FRB-priced services be established based on all direct and indirect costs, including PSAF. The FRB-priced services include for the processing of checks, FedACH, Fedwire Funds, and Fedwire Securities as listed in the pricing schedule. The new fee schedule is effective **01/01/2025**. NCUA Seeks Comment on Information Collections.

The National Credit Union Administration (NCUA) seeks comment regarding two information collections, (1) Proof of Concept for New Charter Organizing Groups, and (2) Subordinated Debt, 12 CFR Part 702, subpart D. CURE implemented the Proof of Concept data collection through the CyberGrants system, which documents the four most critical elements for establishing a new charter. The information collection is needed to determine the adequacy of a group's chartering concept and provide guidance, as needed, and would identify the level of understanding an organizing group has before they make a formal charter application submission. NCUA also has recordkeeping requirements for subordinated debt rules under Part 702. Comments are due **01/28/2025**.
